Dear Parents/caregivers,

I would like to extend a warm welcome to all of our returning and new TVSS students and families! Primary school years are a very exciting time for children filled with rich learning and new experiences. Recent years have provided challenges to our education delivery. In 2022 we will continue to find creative ways to make learning fun and engaging for all students.

2022 our school has prioritised:

1. Improving reading across the whole school
2. Providing rich learning experiences (excursions, visitors, professionals, school shows and exhibitions)
3. Partnering with the community and engaging parents/families in students learning

I encourage all of our parents to become active members of our P&C. With your help, our staff and students can host amazing events, continue to improve our school and fundraise for this years school camps. I look forward to working with you and assisting each student to reach their potential.

We also have a fun, caring and knowledgeable staff that are excited to support students and families. We have many new staff on board this year so please say hello to new faces and give them a warm Townview welcome. 2022 is going to be an amazing year!

Kind Regards,
Mr D (Dede)
